

VERGENNES POLICE DEPARTMENT

INFORMATIONAL MEETING

Project Need – Existing Floor Plan:

Project Need - Privacy:

- Insufficient officer workspace.
- Lack of facilities for interviewing victims and suspects restricts confidentiality.
- Officer's lockers are located in lobby of police station.
- Currently, suspects are brought into police station through public lobby of the opera house.
- Existing facilities can accommodate only one suspect at a time.

Project Need - Safety:

- Lack of temporary detention facilities.
- Lack of juvenile detention area.
- Lack of sallyport for handling suspects.
- Booking room is unsafe due to size and layout.
- Proximity of suspects and administration is unsafe.
- Current facility is not handicapped accessible.

Project Need - Efficiency:

- Insufficient evidence storage and processing areas.
- Insufficient storage space for departmental equipment.
- Inadequate parking.

Project Solution:

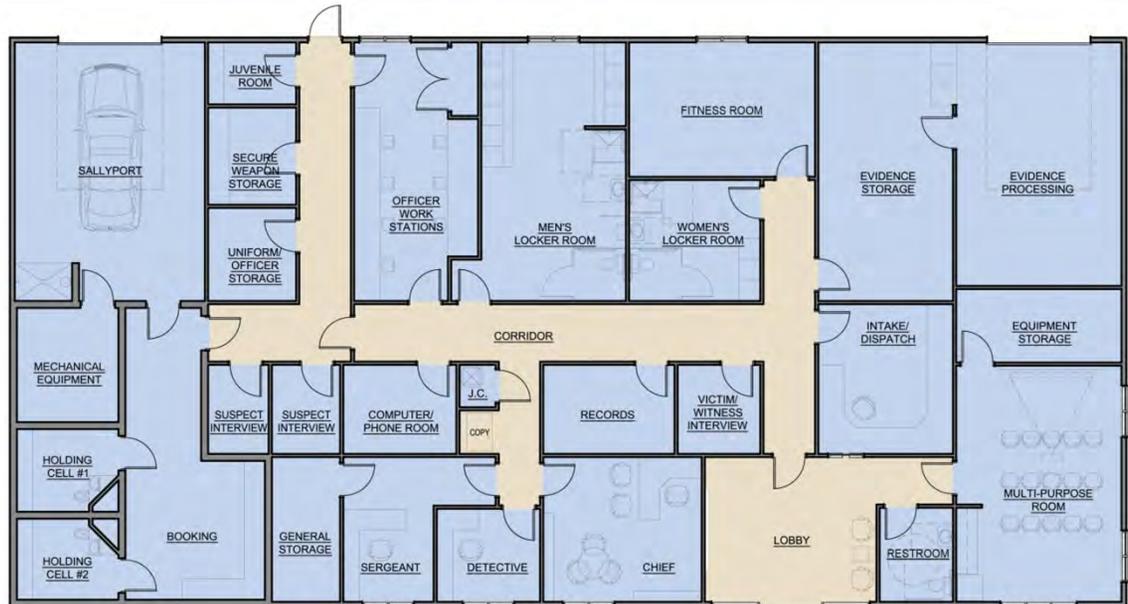

Project Solution:

Project Solution:

- Reduction in building footprint by app. 1,330 SF.
- Removal of drive-in evidence storage.
- Removal of fitness room.
- Detective and sergeant offices combined with officer's workspace.
- Removal of dispatch/intake room.
- Reduction of interior corridors.

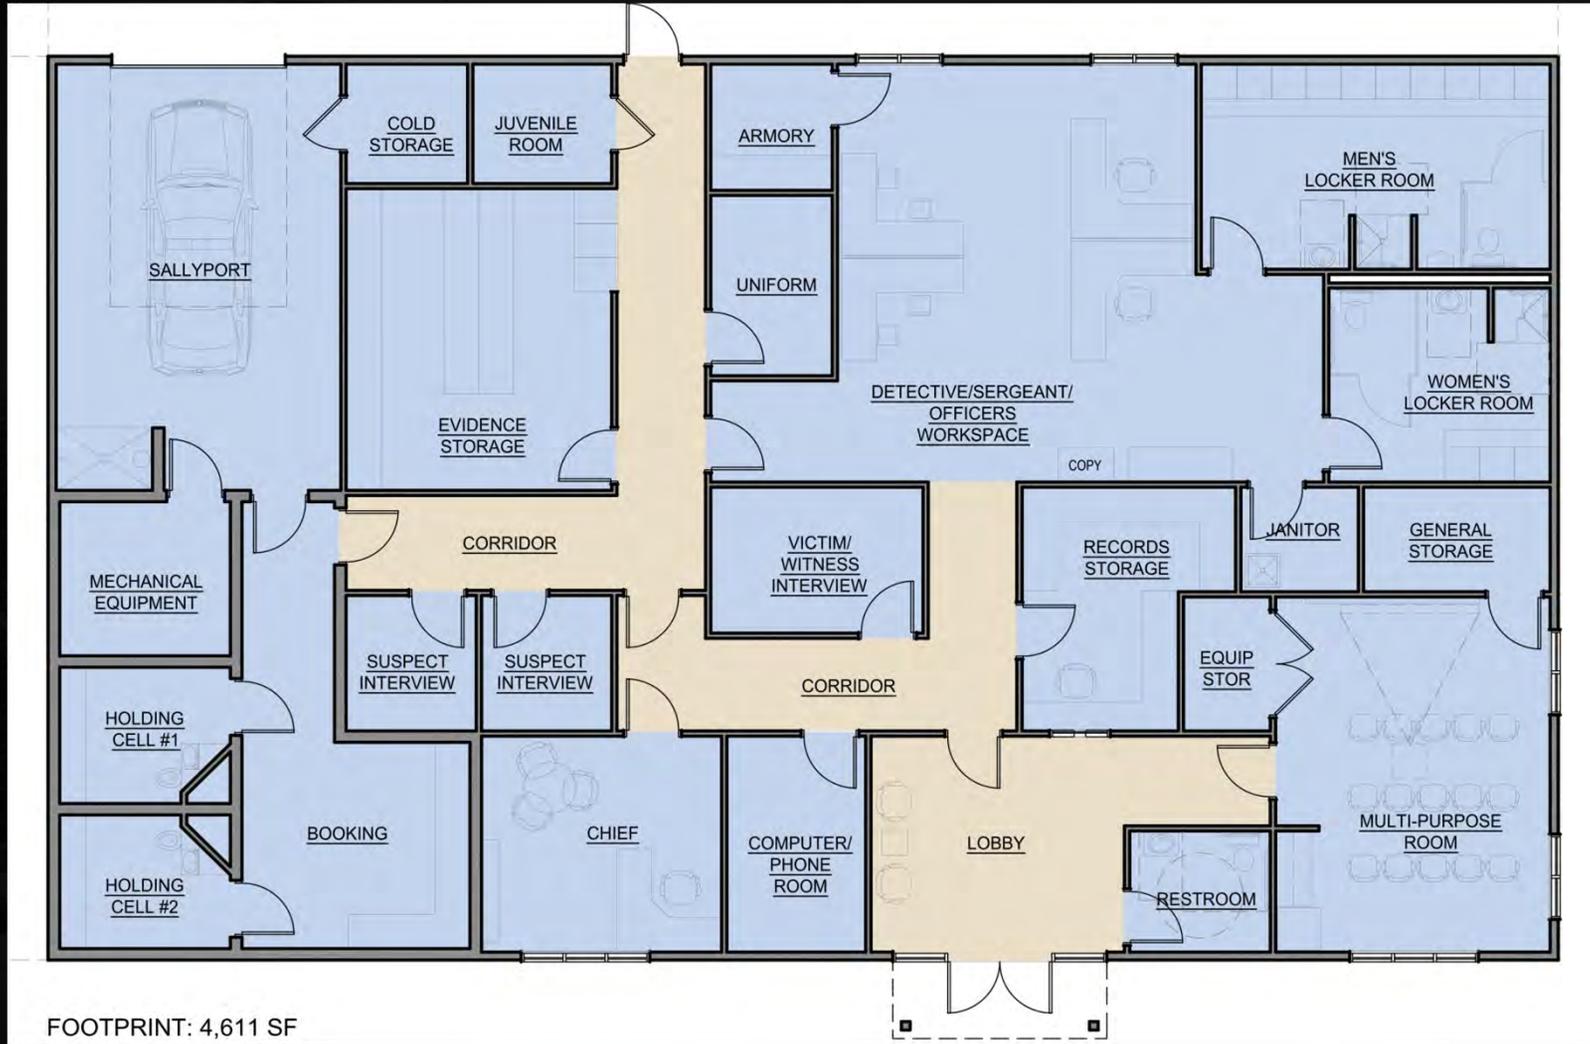

Previous Plan – March 2013

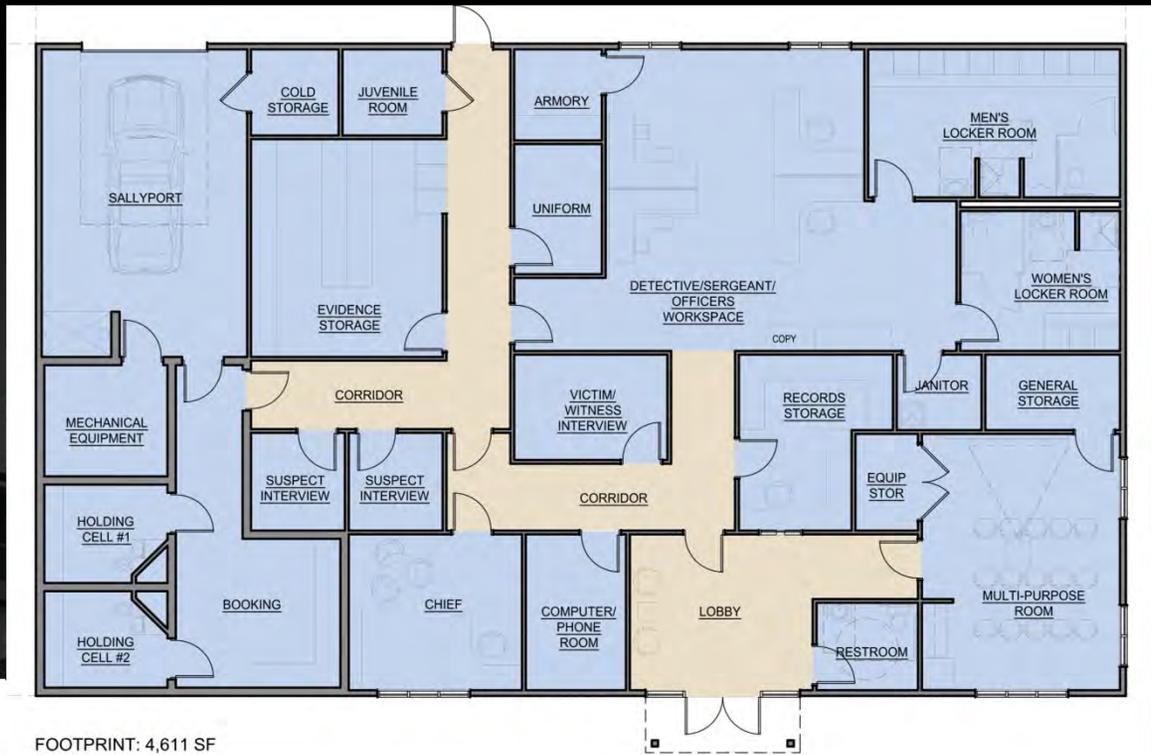

Revised Plan – May 2013
